PREFACE.

THE original manuscript of the contents of this Volume, excluding the Bengal Acts of 1913 and 1914. was prepared by Mr. Wigley before he left India in the spring of 1913. Owing, however, to his inability to complete the work after his arrival in England, the publication of the Volume has been unavoidably postponed and it has accordingly been necessary to revise the Chronological Table and notes in many instances. For the notes relating to the Bengal Acts of 1913 and 1914 I am solely responsible.

A. W. WATSON,

*Secretary to the Government of Bengal,
Legislative Department.*

CHRONOLOGICAL TABLE OF ENACTMENTS PRINTED IN THIS VOLUME.

[With respect to the entry of repealing enactments in column 4 of this table, the following has been the ordinary practice :—

- (1) where an enactment has been totally repealed more than once, the latest repealing enactment has alone been entered ;
- (2) where an enactment has been partially repealed and afterwards totally repealed, the total repeal only has been entered : a repeal of the unrepealed portions of an enactment is treated as a total repeal ;
- (3) partial repeals covered by later partial repeals have not been entered ;
- (4) local repeals covered by later local repeals have not been entered ;
- (5) where an enactment has been locally repealed and afterwards repealed by an enactment whose operation is unrestricted, the later repealing enactment has alone been entered.]

RIGHT TO CLAIM PARTITION.

Who entitled
to claim
partition

4. of 1897.]

(Chapter II.—Right to claim Partition.—Sec. 5.)

(2) Any two or more of such recorded proprietors may claim that land representing the interest of all such claimants be formed into one separate estate to be held by them as a joint undivided estate ; and every provision of this Act which applies to an applicant for partition shall apply to any two or more persons making any such claim.

5. (1) If the interest of any recorded proprietor who is entitled to claim partition is an undivided share in an estate held in common tenancy, he shall be entitled to have assigned to him as his separate estate, land of which the assets shall bear the same proportion to the assets of the parent estate as his undivided share in the parent estate bears to the entire parent estate.

Partition
according to
interest

(2) If the interest of such recorded proprietor is the proprietary right over specific *mauzas* or lands forming part of the parent estate and held by him in severalty, he shall be entitled to have assigned to him as his separate estate the said *mauzas* or lands.

(3) If the interest of such recorded proprietor consists of an undivided share held in common tenancy in specific *mauzas* or tracts forming part of the parent estate, but not extending over the whole area of the parent estate, he shall be entitled to have assigned to him as his separate estate land, situated within such specific *mauzas* or tracts of which the assets shall bear the same proportion to the assets of such specific *mauzas* or tracts as his undivided share in such specific *mauzas* or tracts bears to the entire *mauzas* or tracts :

Provided that, if the interest of such recorded proprietor consists of such an undivided share in more than one *mauza* or tract, he shall not be entitled to have land assigned to him in every such *mauza* or tract, but the Collector may assign to him as his separate estate land situated in any one or more of the said *mauzas* or tracts, subject to the condition that the assets of such land are in proportion to the aggregate of the interests which he holds in all such *mauzas* or tracts.

(4) If the interest of such recorded proprietor consists partly of land held in severalty, and partly of an undivided share either in the whole estate or in specific land held in common tenancy, he shall be entitled to have the portion of the common land falling by partition to his share added to the land held by him in severalty, and the estate thus formed shall be assigned to him as his separate estate, so that the assets shall bear the same proportion to the assets of the whole estate as his interest in all the land and undivided shares held by him bears to the aggregate interests of all the proprietors.

(5) If the interest of such recorded proprietor is of more than one of the kinds specified in the preceding sub-sections, land shall be assigned to him as far as possible in accordance with the principles therein laid down.

(Chapter II.—Right to claim Partition.—Chapter III.—
Security of the Land-revenue.—Secs. 6-10.)

Separation of land held in common between the proprietors of two or more estates, when the estates are not under partition.

6. Whenever any land is held in common between the proprietors of two or more estates not being under partition, any one or more of such proprietors may, without applying for partition of their several estates *inter se*, apply for separation of the land held by them in common, and for the allotment of the proper shares of such land to each of their separate estates, the land-revenue of those estates remaining unaltered; and such application shall be dealt with as far as may be in accordance with the provisions of this Act.

Partition of lands under Act where a partition has been made by private arrangement.

7. (1) Where the lands of an estate have been divided by private arrangement formally made and agreed to by all the proprietors, and each proprietor has, in pursuance of such arrangement, taken possession of separate lands to be held in severalty as representing his interest in the estate, no partition of the estate shall be made under this Act except—

- (a) on the joint application of all the proprietors, or
- (b) in pursuance of a decree or order of a Civil Court.

(2) No objection to the partition of an estate under this Act on the ground that the lands have been divided by private arrangement shall be admitted unless it is presented before the Collector records a proceeding under section 29 declaring the estate to be under partition.

Tenants for life not entitled to claim partition.

8. Notwithstanding anything hereinbefore contained, no person having a proprietary interest in an estate for the term of his life only shall be entitled to claim partition under this Act.

CHAPTER III.

SECURITY OF THE LAND-REVENUE.

Future partitions not to relieve land from liability for total land-revenue, unless made as provided in this Act.

9. No partition of an estate made after the commencement of this Act shall relieve any land from liability to the Government for the total demand of land-revenue assessed upon the estate of which the land forms part, unless the partition is made as herein provided.

Amount of land-revenue to be assessed on each separate estate.

10. Except as otherwise provided in this Act, the amount of land-revenue assessed on each separate estate shall bear the same proportion to the whole amount of land-revenue for which the parent estate was liable as the assets of such separate estate bear to the whole assets of the parent estate.

of 1897.]

11. Subject to clauses () and (c) of section 2 of this Act, no partition of an estate shall be made, and no application for the partition of an estate shall be admitted,—

Restrictions on partition of estate with reference to land-revenue.

- (a) if the annual amount of land-revenue for which the separate estate of the applicant would, after partition, be liable would not exceed ten rupees; or
- (b) if, after separation of the applicant's interest, the annual amount of land-revenue for which the separate estate of the remaining proprietor or proprietors would be liable would not exceed five rupees; or
- (c) if the Collector considers that for any reason any of the separate estates would be likely to prove an insufficient security for the payment of the land-revenue which would be separately charged upon it.

12. (1) Any Civil Court which has made a decree for the partition or for the separate possession of a share of an undivided estate paying land-revenue to the Government may, notwithstanding anything in section 265 of the Code of Civil Procedure,¹ cause the decree to be executed in the manner prescribed in section 396 of that Code²; and if it does so the joint and several liability of the entire estate for the whole of the land-revenue chargeable upon it shall not be prejudiced or affected.

Execution of decree for partition

(2) If any decree is sent to the Collector for execution under section 265 of the said Code,¹ the execution thereof shall be subject to the restrictions imposed by section 11 of this Act.

13. The Collector may refuse to admit an application for the formation of land held in severalty into a separate estate, or to proceed with a partition undertaken on such an application, or to admit or proceed with any other application for partition, if, in consequence of the land being intermingled with that held by other proprietors, the result of the partition would be to form out of a compact estate one or more estates consisting of scattered parcels of land in such a way as, in the opinion of the Collector, to endanger the safety of the land-revenue:

Power to refuse partition which would result in formation of estates scattered so as to endanger the safety of the land-revenue.

Provided as follows:—

Interest alienated with special condition as to liability for land-revenue

14. No proprietor who has alienated any portion of his interest in an estate, or in any specific land of an estate, by private contract, with the condition that the transferee shall be liable in respect of the interest acquired by him to pay a specified amount or a specified share of the land-revenue for which the estate is liable (such amount or share being other than the proportionate amount or the proportionate share for which such transferred interest if formed into a separate estate would be liable under section 10),

rights

19. (1) Every such application shall, subject to the provisions of sub-section (4) of this section, be accompanied by a copy of the rent-roll of the estate, and by a specification referring to the papers of every measurement and record-of-rights which has respectively been made of and prepared for the estate, by any officer appointed in that behalf by the Government or other competent authority and of which the person verifying the application under sub-section (2) has knowledge.

(2) The said application, rent-roll and specification shall be verified at the foot of the application, by the applicant, or by his duly authorized agent having personal knowledge of the facts stated therein in the manner following, or to the like effect :—

“I, A. B., declare that the particulars contained in this application and in the rent-roll and specification accompanying it are correct to the best of my knowledge and belief.”

(3) If the said application, rent-roll or specification contains any entry which the person making the verification knows or believes to be false, or does not believe to be true, such person shall be liable to be punished in the same manner as if he gave false evidence.

(4) If the person presenting the application is unable to produce a rent-roll as required by sub-section (1) of this section, he shall state the reason of such inability, and the name and address of the person who has in his possession the information necessary for the preparation of such rent-roll; and the Collector may, if he thinks fit, require such person to produce such rent-roll.

Procedure if
application is
not in order

20. If any such application does not in the opinion of the Collector fulfil the requirements of the foregoing sections of this Chapter, he may either reject it or return it for amendment.

Notification
and notice
of applica-
tion

21. If in the opinion of the Collector the application fulfils the said requirements, and if there appears to him to be no objection to making the partition he shall—

(a) publish a notification of the application in the manner prescribed by section 104, and also by causing copies to be posted up at the Court of the Judge of the district and at the Court of every *Munsif* and Sub-divisional Officer within whose jurisdiction, and at every police-station within the jurisdiction of which, any land appertaining to the estate is known to be situated;

(b) by such notification invite any person claiming any proprietary right in the estate, who may object to the partition, to state his objection, either in person or by duly authorized agent, on or before a day to be specified in the notification, not being less than

- (c) serve a notice of the application on such of the recorded proprietors of the estate as have not joined in the application, on any unrecorded proprietor who has been named in the application, and on every proprietor of any other estate who holds land in common with the proprietors of the estate to which the application relates.

22. If any person claiming a proprietary right as aforesaid states an objection to the partition on or before the day specified in the notification published under section 21, or at any subsequent time if it shall then seem fit to the Collector to admit such objection, and the Collector, on consideration of the objection, is of opinion that there is good and sufficient reason for rejecting the application, he may reject the same, and if he does so shall record the grounds of such rejection.

Power to reject application on receipt of objection

23. If any such objection raises any question of right or title or of extent of interest as between any applicant and any other person claiming to be a proprietor of the parent estate, and if it appears to the Collector that such question has not been already determined by a Court of competent jurisdiction, the Collector may hold such inquiry into the objection as he may deem necessary, and, if he be satisfied that the applicant is in possession of the extent of the interest for the separation of which he has applied, may instead of rejecting the application as provided in section 22,

Procedure when objection raises any question of right or title or of extent of interest

- (a) direct that the partition proceedings shall proceed for the purpose of forming and assigning to the applicant a separate estate in accordance with the extent of interest claimed by him in the parent estate; or
- (b) direct that such proceedings be postponed for four months.

24. At the expiration of the said four months the Collector shall resume the proceedings, unless the person who has made the objection, or some other person,—

Resumption of proceedings after postponement

- (a) has obtained an order from a Civil Court directing that such proceedings be stayed, or
- (b) shows that a suit has been instituted before a Civil Court to try some question of such a nature as to lead the Collector to think the proceedings ought to be stayed until the question has been finally decided or until the proceedings in such Court in respect thereof shall have terminated.

(Chapter IV.—Initiation and Discontinuance of Partition Proceedings.—Secs. 25, 26.)

Suits instituted after four months not to affect or stay proceedings for partition

25. No suit instituted in a Civil Court, after the lapse of four months after the Collector has—

(a) made a direction under clause (a) or clause (b) of section 23, or

(b) recorded a proceeding under section 29, by any person claiming any right or title in or to a parent estate, shall avail to affect or stay the progress of any proceedings which may have been taken under this Act for the partition of the estate.

Decree made while partition proceedings are in progress

26. (1) Every decree affecting a parent estate made by a Civil Court after the estate has been declared under section 29 to be under partition, but before the date specified in the notice served under section 94—

(a) shall be made in recognition of the proceedings in progress under this Act for the partition of the estate, and

(b) shall be framed in such manner that the decree may be applied to, and carried out in reference to, the separate estates which the Collector in his proceeding recorded under section 29 has ordered to be formed out of the parent estate.

(2) If the effect of any such decree be to declare any person or body of persons to be entitled to any extent of interest in the parent estate in excess of the extent of interest which the Collector in the said proceedings has declared to be held by such person or body of persons, the decree shall specify, separately in respect of every proprietor or body of proprietors of whose interests the Collector has separately specified the extent in the said proceedings, the proportion of such excess which such person or body of persons is entitled to recover from every such proprietor or body of proprietors ;

and every person or body of persons so entitled to recover any extent of interest from any such proprietor or body of proprietors shall, for the purposes of the partition proceedings be deemed to have the same rights, and to be subject to the same liabilities, as a person who has acquired such extent of interest from a proprietor or body of proprietors by private purchase after an estate has been brought under partition under section 29 and on the date on which the decree was passed ;

and such person or body of persons may apply, as in this Act provided, for the separation and assignment to him or them of the lands representing the extent of interest so acquired ;

and, notwithstanding anything contained in section 11, such application shall be dealt with as provided in section 30 ;

Decree
made after
partition
proceedings
completed

(a) shall be made in recognition of the partition proceedings, and

(b) shall be framed so as to give effect to the division of the parent estate into separate estates which has been ordered by the Collector, and so as not to disturb such division.

(2) If the effect of any such decree be to declare any person or body of persons to have been entitled to any extent of interest in the parent estate in excess of the extent of interest which is represented by the separate estate assigned to such person or body of persons by the Collector in the partition proceedings the decree shall specify, separately in respect of the proprietor or joint proprietors of every separate estate formed by the partition, the proportion of such excess of interest which such person or body of persons is entitled to recover from such proprietor or joint proprietors;

and every person or body of persons so entitled to recover any extent of interest from the proprietor or joint proprietors of a separate estate shall be entitled to recover such extent of interest out of the separate estate which has been assigned to such proprietor or joint proprietors, and out of such separate estate only;

and the decree shall be executed by placing the person or persons so entitled in the position of a recorded joint proprietor or recorded joint proprietors of such separate estate, holding the same as a joint undivided estate in common tenancy with the proprietor or joint proprietors to whom such separate estate was assigned by the Collector in the partition proceedings, the extent of the interest of the joint proprietors respectively in such estate being such as is declared in the decree.

28. (1) A Civil Court may at any time direct the Collector, upon an application being made to him in accordance with sections 17, 18 and 19,—

(b) to divide off from any estate any specified land or villages, and to assign it or them to any person to be held as a separate estate;

(Chapter IV.—Initiation and Discontinuance of Partition Proceedings.—Sec. 29.)

Provided that no Civil Court shall in any such case—

- (ii) direct the Collector to carry out a partition otherwise than in accordance with the provisions of this Act.

(2) The Collector shall assess the land-revenue on every such separate estate in accordance with the provisions of this Act.

Admission of application for partition, and procedure thereupon.

29. If no objection be made, within the time specified in the notification published under section 21, to an application for partition, or when all objections have been disposed of, and if the Collector has no reason to believe that any obstacle exists to his making the partition as applied for,

he shall direct that the application be admitted, and shall record a proceeding—

- (a) declaring the estate to be under partition for the purpose of forming and assigning to the applicant a separate estate;
- (b) declaring the extent of interest in the parent estate which he finds to be held by the applicant or joint applicants; or, if more than one separate application for separation has been admitted, the extent of interest in the parent estate which he finds to be held by every separate applicant or body of joint applicants, respectively;
- (c) declaring the extent of interest which remains to any recorded proprietor or body of recorded proprietors who are not applicants;

Subsequent application for separation of another share.

(2) The Collector may reject or admit any such application; and if he admits it may order either that proceedings for affecting such separation shall be carried on simultaneously with the previous proceedings, or that compliance with the application be postponed until such previous proceedings have been completed, and the shares separated in accordance therewith.

(3) When the consideration of any application which has been postponed under sub-section (2) is resumed, the papers of the previous proceedings aforesaid may be used so far as they are applicable.

33. (1) If, at any time after an order has been passed for making a partition of a parent estate, all the recorded proprietors of the estate present a petition to the effect that they do not wish the partition to proceed, the Collector may, after such inquiry as he considers necessary, strike the partition case off the file, and at the same time require the proprietors to pay all costs incurred in and about the partition.

41. (1) Whenever it appears to the Lieutenant-Governor¹ that the work required to be done in connection with partitions under this Act in any district is so great that it would, if concentrated in the hands of one or more Deputy Collectors, fully occupy the time of such one or more Deputy Collectors, he may make an order directing that the salary of such one or more Deputy Collectors, as the case may be, shall be recovered from the proprietors of estates under partition in such district, as part of the costs of such partitions.

(a) a paper of partition, in a form prescribed by rules made by the Board,¹ specifying in detail—

- (i) the lands which he has included in each separate estate, and the area of such lands,

- (v) the amount of land-revenue to be assessed on each separate estate in the manner prescribed by section 10; and

(b) a map showing the lands which fall within each separate estate and the boundaries of such lands.

(3) In making the partition the Deputy Collector shall be guided by the provisions of Chapter IX, and shall make the partition in the manner which, in his opinion, is on the whole most in accordance with those provisions and most equitable and convenient to all parties concerned.

58. (1) The partition, as made under this Chapter, shall be submitted for the sanction of the Collector, and he shall by notice fix a day for the consideration of the same.

(Chapter VIII.—Making of Partitions by the Deputy Collector, and approval thereof by the Collector.—Secs. 59, 60.)

(4) After hearing and disposing of any objection which may be preferred, the Collector shall pass such orders as he may think proper—

- (a) approving the partition, with or without amendments; or
- (b) making a new partition; or
- (c) returning the papers to the Deputy Collector for amendment of the partition, or for making a new partition, with such directions as to the Collector may seem fit in regard to the issue of a notice to appear to the proprietors or any of them who are specially interested.

(5) If the papers are returned to the Deputy Collector, the Collector shall, on their re-submission, proceed again to consider the partition as provided in the foregoing sub-sections of this section.

61. When a partition has been approved by the Collector, or when he has made a new partition, and after the tender of extracts and the publication of a notification as provided in section 59, the Collector—

Submission of the papers to the Commissioner after approval of the partition by the Collector.

shall cause a notice to be served on each of the recorded proprietors, stating that the papers will be submitted at once for confirmation of the partition by the Commissioner, and that any appeals or objections must be presented to the Commissioner, or to the Collector for transmission to the Commissioner, within thirty days from the date of the service of the said notice;

and shall, after the issue of such notice, forward to the Commissioner all papers relating to the partition.

CHAPTER IX.

GENERAL PRINCIPLES FOR MAKING PARTITIONS.

Lands held in common tenancy.

62. Each separate estate shall be made as compact as is compatible with the primary object of making an equitable partition among the proprietors and with the provisions of this Chapter.

Separate estates to be made compact.

63. In selecting the villages or land to be assigned to each separate estate formed out of a parent estate which has been held in common tenancy, the Collector shall take into consideration the advantages or disadvantages arising from—

Circumstances to be considered in making partitions.

- (a) situation;
- (b) the vicinity of roads, railways or navigable rivers or canals;
- (c) the nature and quality of the soil and produce;
- (d) the quantity of cultivable and uncultivable waste land;
- (e) the facilities for irrigation;
- (f) the state of embankments and water-courses; and
- (g) liability to accretion and diluvion;

and any other circumstances affecting the value of the land.

64. (1) If a dwelling-house belonging to one proprietor is situated on any land which it may be necessary to include in the separate estate of another proprietor, the owner of the house may retain occupation thereof, with the buildings and grounds immediately attached thereto, upon agreeing to pay rent annually in perpetuity for the land occupied by the house, buildings and grounds to the proprietor of the separate estate in which such land is included.

Rights when dwelling-house belonging to one proprietor is situated on land to be allotted to another proprietor.

(Chapter IX.—General Principles for making Partitions.—
Secs. 65-70.)

(2) The limits of the land so occupied and the rent to be paid for it shall be fixed by the Deputy Collector, and shall be stated in the paper of partition.

(3) In every such case a defined pathway shall, as far as possible, be secured to the owner of the house, leading from the house to some portion of the separate estate allotted to him.

Power to
apply section
64 to gardens,
etc

65. Whenever the Deputy Collector thinks fit, he may apply the provisions of section 64 to gardens, orchards, land planted with bamboos, and any other land which in his opinion is of special value to the proprietor in whose occupation it is found to be, in consequence of improvements made by such proprietor or of the particular use to which such land is put.

Rent for land
fixed under
section 64 or
65 deemed to
be the assets
of the land

66. The rent fixed in perpetuity on any land by the Deputy Collector under section 64 or section 65 shall be deemed, for the purposes of the partition, to be the assets of such land.

Redemption
of rent fixed
under section
64

67. When the dwelling-house of one proprietor, with the buildings and grounds immediately attached thereto, has been included in the separate estate of another proprietor, and the rent to be paid in perpetuity for the land occupied thereby has been fixed by the Deputy Collector and stated in the paper of partition,

the first-mentioned proprietor may apply to the Deputy Collector for permission to redeem the rent so fixed, and the Deputy Collector shall give such permission unless he is of opinion that the redemption would endanger the safety of the land-revenue for the payment of which the separate estate in which such dwelling-house, buildings and grounds have been included will be liable.

Amount pay-
able in re-
demption of
rent.

68. (1) If the Deputy Collector give permission as aforesaid, he shall certify the amount payable by the applicant in redemption of the rent.

(2) Such amount shall be ten *per centum* above the sum which would be required to produce, in interest at four *per centum per annum*, an annual sum equal to the said rent.

Such amount
when payable.

69. The amount certified under section 68 may be paid to the Deputy Collector at any time before, but not after, possession is under section 94, given to the several proprietors of the separate estates allotted to them.

Notice of pay-
ment to be
given, and
land to be
held rent-free.

70. On receipt of such payment, the Deputy Collector shall give notice to the proprietor in whose separate estate the land is situated—

- (a) that such payment has been made;
- (b) that the sum will be paid to him or to his authorized agent on application, and
- (c) that, from the date on which possession as aforesaid is given, the proprietor who has redeemed the rent of

such land will be entitled to hold the land as a rent-free tenure secured against the proprietor to whom the notice is given and against any auction-purchaser at a sale for arrears of revenue, including the Government;

and from such date the land shall be so held as a rent-free tenure.

71. The Deputy Collector shall at the same time give notice to the Collector of the district of the creation of such tenure, and the Collector shall thereupon cause such tenure to be specially registered in the manner provided by section 42 of Act 11 of 1859¹ (*an Act to improve the law relating to sales of land for arrears of revenue in the Lower Provinces under the Bengal Presidency*) or by any similar law for the time being in force.

Collector to register the rent-free tenure.

72. When two or more of the separate estates consist of the same proportions of the parent estate, the Deputy Collector may, if he thinks proper, direct the parties entitled thereto respectively to draw lots in his presence for the equal separate estates which have been formed by assignment of land,

Drawing of lots for equal shares

unless the recorded proprietors of the equal shares agree among themselves as to the allotment of the equal separate estates and present a petition to that effect, or

unless for any other reason the Deputy Collector, with the sanction of the Collector, thinks proper to assign the equal separate estates to the proprietors of the equal shares without causing lots to be drawn.

73. (1) When the aggregate of two or more shares equals one other share, or equals the aggregate of two or more other shares, the Deputy Collector, with the sanction of the Collector, may cause such aggregate shares to be treated as one share for the purpose of determining by lots as aforesaid which portion of the parent estate shall be assigned to each proprietor as his separate estate;

Order and method of drawing lots when aggregate of two or more shares equals one other share, or equals the aggregate of two or more other shares.

and may decide which shares shall be formed into one aggregate share for the purpose of causing such lots to be drawn;

and may cause lots to be drawn in like manner as often as he thinks proper for such purpose.

(2) After lots have been drawn once (or more than once if necessary) as aforesaid, the Deputy Collector shall proceed to divide the portion of the parent estate which has fallen by lot to each aggregate share, among the proprietors of the different shares which were formed into such aggregate share for the

purpose of drawing lots, and shall assign to every such proprietor his separate estate within such portion in such position as the Deputy Collector may think proper.

Illustrations.

I.—The partition of a parent estate is being made into the following shares :—

8 annas.		3 annas.
4 annas.		1 anna.

For the purposes of drawing lots, the 4 annas, 3 annas and 1 anna shares may be taken together, and considered to be an aggregate 8 annas share.

The Deputy Collector will divide the parent estate into two halves of equal value, and will then cause lots to be drawn, in order to determine which of the two halves shall be assigned to the proprietor of the integral 8 annas share, and which shall be divided among the proprietors of the 4 annas, 3 annas and 1 anna shares.

Subsequently, if necessary, the Deputy Collector may again cause lots to be drawn by the proprietor of the 4 annas share on the one hand and the proprietors on the other hand of the aggregate share made up by taking together the 3 annas share and the 1 anna share.

II.—The partition is being made of a parent estate into the following shares :—

6 annas.		3 annas.
4 annas.		2 annas.
	1 anna.	

Two tracts in the estate may first be marked off, the value of each being equivalent to a 6 annas share ; and then, for the purpose of drawing lots in respect of the assignment of these two tracts, the 4 annas share and the 2 annas share may be taken together as an aggregate 6 annas share, and lots may be drawn between the proprietor of the aggregate 6 annas share so formed on the one hand, and the proprietor of the integral 6 annas share on the other.

One of the two 6 annas tracts having thus been finally assigned to the proprietor of the integral 6 annas share, the Deputy Collector will proceed to assign the rest of the estate among the remaining shares ; and he may again, for the purpose of causing lots to be drawn, mark off two tracts, the value of each of which shall be equivalent to 5 annas of the parent estate, and may cause lots to be drawn for these two tracts between the proprietors of the 4 annas share and the 1 anna share taken together as an aggregate 5 annas share on the one hand, and the proprietors of the 3 annas share and the 2 annas share taken together as another 5 annas share on the other.

Finally, their separate estates will be assigned to the proprietor of the 4 annas share and of the 1 anna share respectively, within the tract which fell to them jointly by lot ; and their separate estates will be assigned to the proprietors of the 3 annas share and of the 2 annas share respectively within the tract which fell to them jointly by lot.

74. The Deputy Collector may, by notice, require any proprietor, in respect of whose share lots are to be drawn as provided in section 72 or section 73, to attend at the office of the Deputy Collector in person or by authorized agent, at a time to be fixed by the Deputy Collector, for the purpose of drawing lots ;

and may similarly require the proprietors of any shares which he may have ordered to be formed into an aggregate share for the purpose of drawing lots, jointly to appoint an

agent to draw lots on their joint behalf, and if at the time fixed for drawing such lots, such proprietors have failed to agree to any such joint appointment, or fail to cause the attendance of an agent authorized to act jointly for all such proprietors, all such proprietors shall be deemed to have failed to comply with the Deputy Collector's requisition.

75. If any proprietor or proprietors fail to comply with a requisition of the Deputy Collector under section 74, the Deputy Collector may appoint a person to draw lots on behalf of such proprietor or proprietors.

In default, Deputy Collector may appoint a person to draw lots.

Lands held in severalty.

76. (1) When the lands of an estate have been divided by private arrangement formally made and agreed to by all the proprietors, and each proprietor is, in pursuance of such arrangement, in possession of separate lands held in severalty as representing his interest in the estate, the joint applications presented under section 7 may be to the effect—

Partition according to separate possession, and apportionment of land-revenue.

- (a) that a partition of the estate be made by assigning to each proprietor or to two or more proprietors jointly, as his or their separate estate or estates, the lands of which they are in separate possession in pursuance of such arrangement, and
- (b) that each separate estate so formed be made liable for such portion of the entire land-revenue of the parent estate as was paid by the proprietor or proprietors thereof under the private arrangement aforesaid.

(2) The Deputy Collector who is appointed to carry out the partition in accordance with such application shall satisfy himself that the assets of each separate estate which it is proposed to form will be sufficient to secure the payment of the annual amount of land-revenue for which it is proposed to make such separate estate liable.

(3) If the Deputy Collector is not satisfied that the assets of each such separate estate will be sufficient as aforesaid, or that with reference to the circumstances of the case, the partition of the land and the assessment of the land-revenue thereon may be made in the manner proposed without endangering the safety of the land-revenue, he shall reject the application, unless all the recorded proprietors agree that the land-revenue for which the parent estate is liable shall be apportioned among the separate estates so to be formed in such a manner that the safety of the total amount of the land-revenue shall not be endangered.

(Chapter IX.—General Principles for making Partitions.—
Secs. 77-80.)

Lands of which each proprietor is in possession to be allotted to him.

77. Whenever the Deputy Collector who is appointed to carry out a partition finds that, in pursuance of a private arrangement formally made and agreed to by all the proprietors of an estate, the proprietors respectively, or any of the proprietors, are in possession of separate parcels of land held in severalty as representing portions only of their respective interests in the parent estate, while other land of the parent estate is held in common tenancy between such proprietors, then, notwithstanding anything contained in section 7, a joint application shall not be required, and the Deputy Collector shall allot to the separate estate of each proprietor the land of which such proprietor is found to be in possession in severalty in accordance with such private arrangement.

Explanation.—Land held in the occupation of the several proprietors of an estate as, *sir*, *khamar* or *nij-jot*, or under any other similar denomination, shall not be deemed to be land held in severalty as representing portions of their respective interests in the parent estate within the meaning of this section, which applies only to cases in which there has been a *bona fide* division, by private arrangement among the proprietors of land held by tenants.

Collector may cause transfer of lands agreed to by parties.

78. Notwithstanding anything in section 77, the Collector may cause any transfer of land agreed to by the parties to be made from the possession of one proprietor to that of another.

Lands held in common tenancy and Lands held in severalty.

Places of worship, etc.

79. Places of worship, burning-grounds and burial-grounds which have been held in common previous to the partition of an estate, and land of which the proceeds have been assigned by the proprietors jointly for religious, charitable or public purposes, shall continue to be held in common unless the proprietors otherwise agree among themselves, in which case they shall state in writing the agreement into which they have entered, and the Deputy Collector shall enter a note of the agreement in the paper of partition.

Tanks, wells, water-courses, reservoirs and embankments.

80. (1) Tanks, wells, water-courses, reservoirs and embankments shall be deemed to be attached to the land for the benefit of which they were originally made.

(2) In cases in which, from the extent, situation or construction of any such works, it is found necessary that they should remain the joint property of the proprietors of two or more separate estates, the paper of partition shall specify, as far as the circumstances admit, the extent to which the proprietors of each of such estates may make use of the same, and the proportion of the charges for repairs to be borne by them respectively.

(Chapter IX.—General Principles for making Partitions.—
Secs. 81-83.)

81. (1) No tenure or holding shall be split up for the purposes of a partition unless it is reasonably necessary to do so in order to effect an equitable partition.

Splitting-up
of tenure or
holding, and
apportionment
of rent
thereof.

(2) If a tenure or holding be split up as aforesaid, the total existing rent thereof, as ascertained under Chapter VI, shall not be altered, but shall be apportioned among the several parts into which the tenure or holding is divided.

(3) When it is proposed to split up a tenure or holding and apportion the rent thereof as aforesaid, the Deputy Collector shall cause a notice to be served on the tenants concerned and, after hearing their objections, if any, may order that the tenure or holding be split up, and that the rent thereof be apportioned as aforesaid.

(4) The Deputy Collector shall notify such apportionment to the tenants concerned.

82. When the Deputy Collector finds in a parent estate land which is claimed to be held rent-free and for which no rent is actually paid (whether the proprietors of the estate do or do not claim a right to receive rent from the land), he shall not make any division or assignment of such land among the separate estates, but shall specify in the partition papers and proceedings that such land is left appertaining jointly to all the separate estates which are formed out of the parent estate, in the proportion which each separate estate bears to the parent estate:

Land held
rent-free not
to be divided,
except with
consent of
recorded
proprietors.

Provided that such land or any of it may be allotted among the different separate estates with the consent of all the proprietors of the parent estate.

83. (1) When the Deputy Collector finds in a parent estate any land which is held at a fixed rent on a *patni* or other permanent intermediate tenure created by all the proprietors of the estate or admitted by all the recorded proprietors to have been so created, he may either—

Land held at
fixed rent on
permanent
intermediate
tenure.

(a) assign such land and the assets thereof entirely to one or more of the separate estates formed out of the parent estate; or

(b) leave such land unassigned to any separate estate, and specify in the partition paper and proceedings that the land is left appertaining jointly to all the separate estates which are formed out of the parent estate in the proportion which each separate estate bears to the parent estate.

(2) In the event of such land being so left unassigned, the Deputy Collector shall assign to each separate estate such share of the rent of the tenure as bears the same proportion to the entire rent of the tenure as the separate estate bears to the parent estate.

(Chapter IX.—General Principles for making Partitions.—
Secs. 84-86.)

(3) In dealing with a tenure under this section, the Deputy Collector shall take into consideration the extent of the land comprised in the tenure, and all other circumstances of the case.

Land held in common between the proprietors of two or more estates how to be dealt with when one estate is under partition.

84. When any land is held in common between the proprietors of two or more estates, one of which is under partition in accordance with the provisions of this Act, the Deputy Collector shall first allot to the estate under partition a portion of such common land of which the assets are in proportion to the interest which the proprietors of such estate hold in the said common land;

and all the provisions of this Act in respect of the allotment, between the shareholders in one estate, of land which is held jointly by such shareholders, shall, as far as possible, apply to the allotment of the proportionate share of such common land to the estate under partition;

and, in respect of the service of notices, the hearing of objections, and all other procedure in view to such allotment, the proprietors of the estate under partition, and all other proprietors of estates who have an interest in the said common land, shall be deemed to be joint proprietors of a parent estate consisting only of the land so held in common:

Provided that all costs of any division of lands so held in common between the proprietors of two or more estates shall be deemed to be costs of making the partition of the estate which is under partition, and shall be leviable, as provided by this Act, from the proprietors of such estate; and the proprietors of any other estate having an interest in such lands shall not be required to bear any portion of such costs.

When proprietors of other estates may be required to pay a portion of the costs of making a division under section 84.

85. Notwithstanding anything contained in section 84, if it appears to the Collector that the proceedings for any such division have been unnecessarily delayed and the cost of such division enhanced, by obstacles vexatiously put in the way of the completion of such division by any proprietor of any estate other than that under partition, or by want of due diligence on the part of any such proprietor in carrying out any requisition made upon him,

the Collector may direct that such sum as he shall think fit shall be levied from every such proprietor who is responsible for such delay or additional cost;

and every sum so levied shall be taken in diminution of the amount payable by the proprietors of the estate under partition as costs of such partition.

Allotment made under section 84 to be submitted to the Collector.

86. Every allotment made under section 84 shall be submitted for the approval of the Collector, who may confirm, amend or reject the same, and if he rejects it, may make or direct to be made another allotment.

of 1897.]

*(Chapter IX.—General Principles for making Partitions.—
Secs. 87, 88.)*

87. When any allotment made under section 84 has been approved by the Collector, the land so allotted shall be dealt with in every respect as if it were held in common tenancy by such of the proprietors of the estate under partition as were found to hold interests in the common land.

Land so
allotted how
to be dealt
with

88. (1) If a dispute or doubt is found to exist as to whether any land forms part of a parent estate, the Deputy Collector shall, after due notice to the parties interested inquire into the fact of possession and shall report his conclusions to the Collector; and thereupon the Collector shall dispose of the matter as follows :—

Procedure
when dispute
or doubt
exists as to
whether any
land forms
part of a
parent estate.

(a) he may order that the partition case be struck off the file, if such an order appears to him advisable, and whether the possession of the disputed land is with the proprietors of the parent estate or otherwise; or

(b) he may order that the partition shall proceed, and that the disputed land be treated as part of the estate under partition, if the possession of such land is with the proprietors of the parent estate and the claim of the other parties to the right in such land appears to him untenable; or

(c) he may order that the partition shall proceed, but that the disputed land shall not be treated as part of the estate under partition, if the possession of such land is with the other parties and the claim of the proprietors of the parent estate to the right in such land appears to him untenable:

Provided as follows :—

(i) if a claim to land alleged to be in dispute is filed after the Deputy Collector proceeds under section 57 to determine how the lands of the parent estate shall be partitioned into the separate estates, the claim shall not be inquired into under this section unless the delay on the part of the claimant is explained to the satisfaction of the Deputy Collector;

(ii) no partition shall be made in any case mentioned in this section if such partition would involve the assignment to any separate estate of such a quantity of the disputed land that the removal of such land from such estate at any subsequent time would, in the opinion of the Collector, endanger the safety of the land-revenue for which such estate would be liable after the partition.

(2) If a partition case is struck off the file under clause (a) of this section, no fresh application for partition shall be admitted unless and until the applicant shows that the dispute or doubt aforesaid has been decided by a Court of competent jurisdiction, or has been amicably settled; but if a fresh

completion of a Partition.—Secs. 89, 90.)

88, clause (b),
and proprietor
of an estate

of any land
by decree

89. If, after a partition has been completed in pursuance of an order passed by the Collector under section 88, clause (b), the proprietor of any separate estate is dispossessed by a decree of a Court of competent jurisdiction of any land which has been assigned to his estate by the partition,

the partition shall not be disturbed, but such proprietor shall be entitled to recover from the proprietors of the other separate estates formed by the partition such compensation as may be fair and equitable, having regard to the reduction in the proportionate value of his separate estate which is caused by such dispossession ;

and such compensation may be recovered in a Court of competent jurisdiction from the proprietors of those separate estates on which a proportionate share of the total loss caused by the dispossession does not fall.

PROCEDURE BEFORE THE COMMISSIONER UP TO THE COMPLETION OF A PARTITION.

Procedure if
proceedings
require
amendment
or if appeal
or objection
presented.

90. (1) If it appears to the Commissioner that the proceedings of the Collector should be amended, or if an appeal or objection is presented within the time allowed by section 61, the Commissioner shall, by order, fix a day (not being less than thirty days from the date of such order) for hearing and disposing of the case, and shall cause notice of such day to be served through the Collector on all the parties. .

(2) On the day so fixed, or on any subsequent day to which the hearing of the case may extend or is postponed by a notice posted up in his own office the Commissioner shall, after hearing and disposing of all appeals and objections, and calling for any further information which he may consider necessary, either confirm the partition as approved or made by the Collector, with or without amendments, or return the papers of the partition to the Collector for any amendments which the Commissioner may think proper to be made.

(3) If the papers are returned to the Collector for amendment, the Collector shall proceed to make the required amendments or to cause them to be made in the same manner as if he had himself passed such orders on a partition submitted to

91. If it does not appear to the Commissioner that the proceedings of the Collector require amendment, or if no appeal or objection is presented within the time allowed by section 61, the Commissioner may proceed to consider the case without issuing any notice, and may confirm the partition as approved or made by the Collector.

Procedure in other cases

92. The Commissioner may, before confirming a partition, return the papers for amendment or inquiry as often as he thinks fit, and as often as he so returns them the procedure prescribed in the foregoing sections of this Chapter shall be applicable.

Commissioner may return the papers for amendment or inquiry as often as he thinks fit

93. (1) After the expiration of not less than sixty days from the date of the order of the Commissioner confirming a partition,

Procedure by Collector on receipt of Commissioner's order confirming, or Board's order sanctioning, a partition.

or if an appeal has been preferred to the Board, or if any proceedings in respect of the partition be pending before the Board, then on receipt of the final order of the Board, if such order does not set aside but maintains, with or without amendments, the partition as confirmed by the Commissioner,

the Collector shall cause to be published at his office, and at some conspicuous place in each of the estates separately constituted by the order of the Commissioner or the Board, as the case may be, a notice that the partition has been confirmed or sanctioned by the Commissioner or the Board, with or without amendments, as the case may be.

(2) If the partition as so confirmed or sanctioned involves any amendments which may conveniently be made on any extracts of the partition paper or on any maps which have been prepared and delivered to recorded proprietors under section 59, the Collector shall cause a notice to be served on every recorded proprietor whose estate is affected by such amendments, requiring him to produce such extracts and maps in order that such amendments may be noted on them;

and, if the alterations made in the partition as so confirmed or sanctioned be such as to make it desirable to prepare fresh extracts or maps as aforesaid, the Collector shall cause such fresh extracts or maps to be prepared; and shall cause a notice to be served on each proprietor declaring the extract and map which was delivered under section 59 to be cancelled, and requiring him to take out of the Collector's office the fresh extract or map which has been prepared.

94. (1) The Collector shall then proceed to give the several proprietors possession of the separate estates allotted to them, and, if necessary, may require the assistance of the Magistrate in giving such possession;

and shall cause to be served on every recorded proprietor of a separate estate a notice—

- (a) informing him that from the date specified in such notice the separate estate assigned to him, as described in the extract from the partition paper prepared and delivered or tendered to him under section 59 or section 93, as the case may be, will be deemed to be separated from the parent estate, and to be separately liable for the amount of land-revenue specified in the notice, and
- (b) calling upon him to enter into a separate engagement for the payment of such land-revenue.

BENGAL ACT 1 OF 1899

(THE BENGAL GENERAL CLAUSES ACT, 1899).¹

(18th January, 1899.)

An Act for further shortening the language used in Bengal Acts, and for other purposes.

Whereas it is expedient further to shorten the language used in Bengal Acts, and to make certain other provisions relating to those Acts;

It is hereby enacted as follows:

PRELIMINARY.

1. This Act may be called the Bengal General Clauses Act, Short title. 1899.

2. (*Repeal of Bengal Act 5 of 1867*). *Rep. by the Repealing and Amending Act, 1903 (1 of 1903), now known as the Amending Act, 1903—vide Act 10 of 1914, Sch. II.*

¹ LEGISLATIVE PAPERS.—For Statement of Objects and Reasons, see Calcutta Gazette, 1898, Pt. IV, p. 570, and for Proceedings in Council, see *ibid*, Supplement, pp. 1476, 1428, 1579 and 2538.

LOCAL EXTENT.—Since this Act has no "local extent" clause, it must be taken originally to have extended to the whole of the former Province of Bengal, including the de-regulationised tracts. It was, however, repealed and re-enacted for Eastern Bengal (including the Chittagong Hill-tracts) by the Eastern Bengal and Assam General Clauses Act, 1909 (E. B. & A. Act 1 of 1909), printed *post*, p. 967. The former Act has again been extended to Eastern Bengal by the Bengal Laws Act, 1914 (Ben. Act 1 of 1914) as applying only to Ben. Acts 5 of 1908, 2 of 1909, 2 of 1910, 2 of 1911, 5 of 1911 and all Bengal Acts passed after the 1st of April, 1912—see Ben. Act 1 of 1914, s. 3, Sch. I, *post*, p. 861.

OTHER SIMILAR ACTS.—This Act closely follows the General Clauses Act, 1897 (10 of 1897), passed by the Governor General in Council (printed in the General Acts, 1887-97, Ed. 1909, p. 571), and some of its clauses are based on clauses of the Interpretation Act, 1889 (52 & 53 Vict., c. 63), printed in the Collection of Statutes relating to India, 1913, Vol. II, p. 761. Similar Acts have been passed by other Legislative Councils in India, *viz.*, Madras Acts 1 of 1867 and 1 of 1891, Bombay Act 1 of 1904, Eastern Bengal and Assam Act 1 of 1909, United Provinces Act 1 of 1901, Punjab Act 1 of 1898, Burma Act 1 of 1898.

APPLICATION OF THE VARIOUS GENERAL CLAUSES ACTS.—The General Clauses Act, 1897, applies, for the most part, only to Acts of the Governor General in Council and to Regulations made under the Government of India Act, 1870 (53 & 34 Vict., c. 3) printed in the Collection of Statutes relating to India, 1913, Vol. I, p. 423; but s. 12 applies also to Indian enactments of all kinds, including, among others, Bengal Acts. The section runs as follows:—

"12. Where, by any enactment now in force or hereafter to be in force, any duty of customs or excise, or in the nature thereof, is leviable on any given quantity, by weight, measure or value of any goods or merchandise, then a like duty is leviable according to the same rate on any greater or less quantity."

The Bengal General Clauses Act, 1899, is expressed, in every section except ss. 27 and 30, to apply only to Bengal Acts.

The Interpretation Act, 1889, applies only to Acts of Parliament.

The Acts of the Madras, Bombay, United Provinces, Punjab and Burma Councils have effect only in the Provinces in which they were respectively passed.

The Eastern Bengal and Assam General Clauses Act, 1909 (E. B. & A. Act 1 of 1909), has effect in Eastern Bengal (*vide* paragraph 2 of this footnote above) and in Western Bengal as applying only to certain E. B. & A. Acts extended to that area by the Bengal Laws Act, 1914 (Ben. Act 1 of 1914) printed, *post*, p. 869.

(General Definitions.—Sec. 3.)

GENERAL DEFINITIONS.

Definitions. **3.** In this Act, and in all Bengal Acts made after the commencement of this Act,¹ unless there is anything repugnant in the subject or context,—

- “Abet.” (1) “abet,” with its grammatical variations and cognate expressions, shall have the same meaning as in the Indian Penal Code²; 45 of 1860.
- “Act.” (2)³ “act,” used with reference to an offence or a civil wrong, shall include a series of acts; and words which refer to acts done shall extend also to illegal omissions;
- “Affidavit.” (3)⁴ “affidavit” shall include affirmation and declaration in the case of persons by law allowed to affirm or declare instead of swearing;
- “Barrister.” (4)⁵ “barrister” shall mean a barrister of England or Ireland, or a member of the Faculty of Advocates in Scotland;
- “Bengal.” (5) “Bengal” shall mean the territories within British India for the time being under the administration of the Lieutenant-Governor of Bengal⁶;
- “Bengal Act” (6)⁷ “Bengal Act” shall mean an Act made by the Lieutenant-Governor of Bengal in Council under⁸ [the Indian Councils Act, 1861, or] the Indian Councils Acts, 1861⁹ and 1892^{10 11} [or the Indian 24 & 25 Vict., c. 67, 55 & 56 Vict., c. 14.

¹ Some of the definitions in this section apply also to Bengal Acts made between the 1st June, 1867, and the commencement of the present Act—see s. 4, *post*, p. 178. For two further definitions applying to such Acts, see s. 5, *post*, p. 178.

² See Act 45 of 1860, ss. 107, 108 and 108A, in the General Acts, 1834-67, Ed. 1909, pp. 272, 274.

⁵ For a similar definition, see the Indian High Courts Act, 1861 (24 & 25 Vict., c. 104), s. 19, printed in the Collection of Statutes relating to India, 1913, Vol. I, p. 329.

⁶ This includes the present Presidency of Fort William in Bengal and other territory.

⁷ A similar definition is given in clause (5) of section 3 of the General Clauses Act, 1897 (10 of 1897), printed in the General Acts, 1887-97, Ed. 1909, p. 572. The definition was inserted in order to introduce a uniform method of citing Acts of the Bengal Council and to suggest the abandonment of the various other methods formerly adopted, e.g., “Act (B.C.) of 1869,” “Act 1 of 1869 passed by the Lieutenant-Governor of Bengal in Council.” The method of citation most commonly adopted was “Act 1 (B.C.) of 1869,” but the abbreviation of “(B.C.)” is peculiarly inappropriate, inasmuch as it would stand equally well for Acts of the Bombay or Burma Council, and is the recognized abbreviation for Before Christ.

Provisional registration as owner of premises

(2) Upon such registration being made, such person shall enjoy all the privileges and be subject to all the liabilities attaching under this Act, to the owner of such building or land so long as no other person claims to have his name entered in the assessment-book or provisionally registered as owner thereof:

(Part V.—*The Public Health, Safety and Convenience.*—
Chapter XXIII.—*Streets and Public Places.*—Secs. 351, 352.)

(2) Such line shall not be defined so as to extend further back than the line of the wall abutting on the street at its widest part.

(3) Every such notice shall specify a period within which objections will be received.

(4) The General Committee shall consider all objections received within the said period, and may then make an order¹ defining the said line.

(5) Such order shall be published in the Calcutta Gazette, and shall take effect from the date of such publication.

Restrictions
on construction
of buildings or walls
within such
line.

351. No portion of any building or wall abutting on a public street shall be constructed within the line (if any) defined under section 350:

Provided that the General Committee may, in their discretion, permit additions to be made within such line if they merely add to the height of, and rest upon, an existing building or wall, upon the owner executing an agreement binding himself and his successors in interest—

(a) not to claim compensation in the event of the Committee at any time thereafter deciding that such additions or any portion thereof ought to be removed, and

(b) to pay the expenses of such removal.

Setting back
projecting
buildings or
walls.

352. (1) When any building, wall, or part thereof projecting across a line defined under section 350, or beyond the front of the building or wall on either side of such first-mentioned building or wall, has fallen down or been burnt down or taken down, the General Committee may, by written notice, require the same to be set back to or towards the said line or the line of either of the adjoining buildings or walls.

(2) When any building or wall is set back in pursuance of any requisition made under sub-section (1), the Corporation shall forthwith make full compensation to the owner of the building or wall for any direct damage which he may sustain thereby.

(3) The portion of land added to a street by virtue of any such requisition shall become part of the street and shall vest in the Corporation; and the Chairman may forthwith take possession of the same on behalf of the Corporation and, if necessary, clear it.

Explanation—The expression “direct damage,” as used in sub-section (2) with reference to land, means the market-value of the land taken and the depreciation, if any, in the ordinary market-value of the rest of the land resulting from the area being reduced in size; but does not include damage due to any particular use to which the owner may allege that he intended to put the land, although such use may be injuriously affected by the reduction of the site.

(2) In determining such compensation under section 617, the Court shall make allowance for any benefit accruing to the same premises or any adjacent premises belonging to the same owner from the construction or improvement of any other public street at or about the same time that the public street, on account of which the compensation is paid, is closed.

356. (1) The General Committee may from time to time prepare schemes and plans of proposed public streets, showing the direction of such streets, the street alignment and building line on each side of them, their intended width, and such other details as may appear desirable.

(2) The width of such proposed streets shall not be less than forty feet, or, in a *bustee*, twenty feet, inclusive of space for footpaths:

(3) It shall be the duty of the General Committee to lay out public streets in *bustees*, so far as may be practicable, both for the purpose of securing proper ventilation for huts in such *bustees*, and in view to the contingency of masonry buildings being erected therein.

Provided that, in any case in which it is decided to acquire any land under this sub-section, the owner of such land may retain it by paying to the Corporation an annual sum to be fixed by the General Committee in that behalf, or a lump sum to be fixed by the General Committee, not being less than twenty-five times such annual sum.

(3) If any sum payable in pursuance of the proviso to sub-section (2) in respect of any land be not duly paid, the same shall be recoverable in the manner provided by this Act for the recovery of the consolidated rate; and if not so recovered, the Chairman may enter upon the land and sell the same, with any erections standing thereon, by public auction, and may deduct the said sum and the expenses of the sale from the proceeds of the sale, and shall pay the balance (if any) to the defaulter.

(4) Any sum paid in pursuance of the proviso to sub-section (2) or recovered under sub-section (3) in respect of any land shall be left out of account in determining the annual value of such land for the purpose of assessing it to the consolidated rate.

(5) Any land or building acquired under sub-section (2) may be sold, leased or otherwise disposed of by the General Committee after public advertisement; and any conveyance made for that purpose may comprise such conditions as the Committee think fit as to the removal of the existing building (if any), the description of new building (if any) to be erected, the period within ¹ such new building (if any) shall be completed, and any other similar matters.

(2) The General Committee shall, with the like consent, fix a price below which the site shall not be sold; and owners of adjacent lands shall have a right, in preference to all other persons, to buy the site at any sum bid at the auction over and above such price.

(3) The proceeds of the sale shall, after deducting the expenses of effecting it, be paid to the aforesaid owner.

365. (1) When two or more adjoining plots of land are, by reason of their shape, situation or size, individually unsuitable for the construction of buildings in accordance with the provisions of this Act and the rules and by-laws made hereunder, and the owners of such plots cannot agree to amalgamate and re-divide the plots in order to admit of the construction of buildings as aforesaid, the General Committee may, on the written request of the owners of not less than three-fourths of the area of such plots, take possession of the land and form it into suitable building-sites.

(4) The proceeds of every sale of a site under this section shall, after deducting the expenses of effecting the sale, be divided among the owners of the land from which the site was formed, in proportion to the relative value of their shares in such land; and such proportion shall be determined by the General Committee, whose decision shall be final.

(Part V.—The Public Health, Safety and Convenience.—
Chapter XXVI.—Bustees.—Secs. 401-405.)

(5) The said plan shall then be laid before the Corporation, and, when approved by them, shall be deemed to be the standard plan of the *bustee*.

401. (1) After the service of a notice under section 400 on the owners of any *bustee*, if such owners do not agree among themselves in the preparation of a plan as required by such notice, or if they for any reason prefer to have a plan prepared for them by the General Committee, or if they fail to comply within sixty days with such notice, the General Committee shall, within a further period of sixty days, themselves prepare a plan to the scale and showing the particulars prescribed in the said section.

Preparation of standard plan by General Committee in default of owners.

(2) When a plan has been prepared by the General Committee under sub-section (1), they shall fix a day for the hearing of objections made by or on behalf of the owners of the *bustee*, and may at their discretion modify the plan in accordance with any objection so made.

(3) If such objections are disallowed, or when the plan has been modified in conformity with any of such objections, the plan shall be laid before the Corporation, and when approved by them shall be deemed to be the standard plan of the *bustee*.

(4) When the the General Committee prepare a plan under sub-section (1), they may charge the said owners therefor at such rate not exceeding three rupees *per bigha* as the Corporation may fix, and such charge shall be recoverable in the manner provided by this Act for the recovery of the consolidated rate.

(2) The said officers shall forthwith make a written report on the sanitary condition of the *bustee*, and shall annex to the report a plan approved by them as a proper standard plan of the *bustee*, and shall certify which of the improvements required to bring the *bustee* into conformity with such plan should be taken in hand forthwith, in consequence of the unhealthy condition of the *bustee*, and which of them should be deferred for action under the foregoing sections of this Chapter.

Part I.—Building-sites.

Conditions
as to use of
building-sites

¹ 1. No piece of land shall be used as a site for the erection of a building,—

- (1) if the building is to abut on a street, unless the site is of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to the said line as the General Committee may consider practicable ; and
- (2) if the site is within thirty feet of a tank, unless the owner satisfies the Engineer that he will take such order as will prevent any risk of the domestic drainage of the building passing into the tank ; and
- (3) if the site is a filled-up tank, or has been filled up with, or used for depositing, rubbish, offensive matter or sewage, unless the Chairman has examined the site and granted a certificate to the effect that it is, from sanitary and engineering points of view, fit to be built upon ; and
- (4) if the building to be erected is a public building, a dwelling-house or a hut intended for human habitation, unless the site is certified by the Chairman to be dry and well drained, or to be capable of being well drained.

Certificate as

of plans of a
previously
existing
building.

¹ 1A. Any person who intends to erect any building upon a site on which a building has been previously erected, whether before or after the commencement of this Act, may, before commencing to erect his intended building, cause to be prepared plans showing the extent of the previously existing building in its several parts (or, in the event of such building having been taken down before the commencement of this Act, or having been accidentally destroyed, the best plans available

¹2. (1) If a building is situated at the side of a street, no portion of the building, except open or balustraded parapets not more than four feet high, shall intersect any of a series of imaginary lines drawn across the street at an angle of forty-five degrees with the plane of the ground, such lines being drawn from the street alignment on the side of the street which is the more remote from the building in question, from a height of two feet above the centre of the street

Height

Provided as follows:—

- (i) where the said street is joined at an angle by another street facing the building, the height of the building, measured from two feet above the centre of the street and excluding parapets as aforesaid, shall not in any case exceed the width of the street in which it is situated, together with the width of any set-back which may be made, *plus* half the width of the street facing it;
- (ii) nothing herein contained shall affect the erection of a building abutting upon, or situated at the side of, a street of not less than sixty feet in width, if such building does not exceed eighty feet in height; and
- (iii) no building exceeding eighty feet in height shall be erected without the special permission of the General Committee.

Explanation.—If a building be placed at the edge of the street, its height, measured from two feet above the centre of the street and excluding parapets as aforesaid, must not exceed the average width of the street facing the site; but, if the building or one or more of its storeys be set back, the height of the building may be increased, subject to the condition that no portion of the building, after the height is increased, intersects any of the aforesaid lines.

(2) In the case of any building which is re-erected in a street in existence at the commencement of this Act, the angle at which the lines referred to in sub-rule (1) are to be drawn shall be fifty-six-and-a-half degrees instead of forty-five degrees:

Provided as follows:—

- (i) the height allowed under this sub-rule shall in no case be more than thirty-six feet; and

(3) Notwithstanding anything contained in sub-rule (1) or sub-rule (2), the Corporation may, by order published in the Calcutta Gazette, declare¹ that, in any street specified in the order, the erection of two-storeyed buildings not exceeding twenty-eight feet in height, excluding two feet for the plinth and excluding open or balustraded parapets not more than four feet high, will be permitted without complying with the requirements of those sub-rules.

(4) If a building is situated on a corner plot so as to abut upon more than one street, the height of the building shall be regulated by the wider of such streets so far as it will abut or abuts upon such wider street, and also so far as it will abut or abuts upon the narrower of such streets to a distance of fifty-five feet from the wider street:

Provided that, if the narrower street does not exceed eight feet in width, the height of the building shall be regulated by the wider street, so far as it will abut or abuts upon the narrower street.

(b) if the owner, by a free gift of a portion of his land to the Corporation, makes the street not less than twelve feet wide in front of his site, then a two-storeyed building not more than twenty-eight feet high,

may be erected without complying with the requirements of those sub-rules.

Level of floor.

3. The floor or lowest floor of every building erected or re-erected from the ground-level must be constructed at such level as will admit of—

(a) the construction of a drain sufficient for the effectual drainage of the building and placed at such level as will admit of the drainage being led into some

9. Every wall of a masonry building must be constructed so as to rest upon proper footings having regular offsets and a horizontal spread on each side of the wall of not less than one-half the height of the footings, unless an adjoining wall interferes, in which case the footings may, subject to the provisions of sub-rule (2) of rule 7, be omitted, where that wall adjoins.

BENGAL ACT 3 OF 1914

(THE DOVETON TRUST ACT, 1914).¹*(The 18th February, 1914.)*

An Act to abolish the Parental Academic Institution and Doveton College and Doveton Institution for Young Ladies, and to provide for the application of the property and funds thereof as nearly as possible in accordance with the intentions of the founders.

Preamble.

Whereas, on the first day of March, 1823, an Educational Society was established in Calcutta, under the designation of "The Parental Academic Institution", with the object of establishing one or more schools under its own control in order to procure the means of affording to youth the best education of which existing circumstances would admit, and, as far as the state of funds would allow, to provide education for the orphans of members dying not possessed of property sufficient to educate their children;

And whereas the designation of the said Society was changed in the year 1855 to that of "The Parental Academic Institution and Doveton College";

And whereas the said Society was registered as a Society under the Societies Registration Act, 1860², on the twenty-ninth day of August, 1881;

And whereas the designation of the said Society was again changed in the year 1886, on the incorporation therewith of "The Young Ladies' Institution," to that of "The Parental Academic Institution and Doveton College and Doveton Institution for Young Ladies";

And whereas various properties and funds have from time to time been vested in the Governing Body of the said Society, and in other persons, for the benefit of, or in trust for, the said Institution or pupils to be educated therein;

And whereas the said Institution is now governed by certain persons claiming to be a Committee duly elected or appointed under an order made by the High Court, Calcutta, on the eighth day of April, 1907;

And whereas it appears to the Governor in Council that the said Committee are unable satisfactorily to manage the said Institution according to the intentions of its founders, and that

portions of the property and funds of the Institution have been wasted away in litigation and by mismanagement, and that it is expedient that the Legislature should intervene in order to prevent further waste and mismanagement;

THE SCHEDULE.

STATEMENT.

(See sections 3 and 4.)

After you have served for three years in the Eastern Bengal and Assam Military Police, you may, at any time when not on active service, apply for your discharge, through the officer to whom you may be subordinate, to a Commandant of Military Police, or to the Magistrate of the district in which you may be serving; and you will be granted your discharge after two months from the date of your application, unless your discharge would cause the vacancies in the Military Police to exceed one-tenth of the sanctioned strength; in that case you must remain until this objection is waived by competent authority or removed. But when on active service you have no claim to a discharge and you must remain and do your duty until the necessity for retaining you in the Military Police ceases, when you may make your application in the manner herein-before prescribed. In the event of your re-enlistment after you have been discharged, you will have no claim to reckon for pension or any other purpose your service previous to your discharge.
